- How to make a teddy bear balloon model

## **21.1: Step-by-step Guide**

**The balloon teddy bear always goes down well with the younger children.**

Follow the instructions below to make your own.

### **Step 1**

Start by inflating the balloon leaving approximately 2 inches deflated.

## Step 2

Starting at the knot end of the balloon pinch and twist a bubble about one to two inches long to make the teddy's nose.

### **Step 3**

The make a circle for the teddy's cheek.

## **Step 4**

Then make another for an ear.

## Step 5

Then repeat steps 3 and 4 to make the other ear and cheek areas.

## Step 6

Pinch the long part of the balloon and the nose area together and create a lock twist.

## Step 7

Grab the nose and push it through the centre of the balloon.

## Step 8

Next, grab the second circle...

Lift and twist it...

## Step 9

Repeat step 8 on the opposite side of the balloon.

## Step 10

Now make a neck by pinching and twisting an area about an inch or so down from the head area that you have created in the first 9 steps.

## Step 11

Then bend the balloon over and create a lock twist which will make an arm.

## Step 12

Repeat step 11 again to make another arm.

### Step 13

Then make pinch and twist an area to make a "body".

## Step 14

Bend the rest of the balloon over and lock twist to create two legs and a tail.
