- How to make fairy wings

### 24.1: Step-by-step Guide

**More often than not fairy wings are in demand at little girls birthday parties.**

However by simply swapping the colour of the balloons to blue you can make "Batman" wings and keep the boys at a party equally happy.

#### Step 1

Get three balloons and blow them up almost to the end.

## Step 2

Place one balloon around the waist of your model and pinch and twist to hold it in position.

### **Step 3**

Get the next balloon and hold on to both ends. Twist the ends together but do not release.

## Step 4

Stretch the knot...

and twist the knot around the balloon on the models waist.

## Step 5

Repeat this process with the third balloon to create the second wing.

**Finished Product**
